

TS 680

Product Data Sheet

Description:

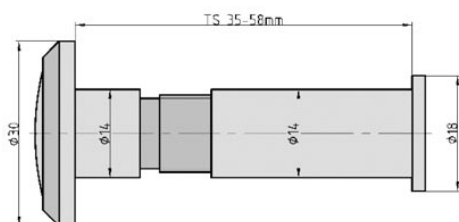

The TS 680 door viewer with brass housing is ideal for house entrance doors and residential entrance doors. The wide-angle lens makes a large area in front of the door visible. The door viewer thus provides more security at home - uninvited guests will have to stay away!

- wide-angle lens 180
- for door thicknesses from 35 - 58 mm
- installation diameter: 14 mm
- colour: chrome-plated brass
